SCIENTIFIC SYMPOSIUM

Advancing Possibilities in Hemophilia Care

Dear Doctor,

As hemophilia care continues to advance, new evidence and real-world insights are transforming treatment outcomes.

We are pleased to invite you to Roche's Scientific Symposium at NHU 2026, where leading experts will share the latest clinical evidence, practical experiences, and innovative approaches to optimizing hemophilia care.

Join us for an engaging scientific exchange focused on advancing patient outcomes through evidence, collaboration, and innovation.

We look forward to welcoming you.
